When asked to write the dedication I didn't know where to begin. I know Mrs. McGurl for her dedication to her family, job, school, and students. It isn't uncommon for her to work until 5:00, rush home to make dinner, and then return to school for other commitments. Mrs. McGurl's dedication to her family and work is impressive but it is her dedication to the school and the students that distinguishes her among her colleagues. Mrs. McGurl not only is the advisor of the Key Club and the Mentor group, but she also helps to plan dialogue nights, supports the Gay/Straight Alliance, and attends as many other club events and sporting events that she possible can, and always with a smile on her face, I might add.

It was during my Junior and Senior years that I really got to know and spend time with Mrs. McGurl. Her office is always open, whether you're the most popular Senior or a new student. She gives a lending ear if you have a problem, an open heart to those in need, a place to hide when your having a bad day, and always a filled candy jar when you need a chocolate fix. Mrs. McGurl has not only acted as a adult to talk to, but also she has acted as a friend. She has assisted me in making difficult decisions, given me help when I have had too much to do and too little time, and shown me support when life has been unfair. She has saluted my successes, shared in my joys, been proud at a job well done, and always has time for some fun or for dinner and mud pie. Mrs. McGurl's support, compassion and friendship has been unforgettable; on behalf of the Class of 1999 I want to say thank you, we love you and no more pictures!

To the Class of 1999:

As we walk our separate ways, friends, we not only walk out of Rutland High School, but also into a new and ever-changing millennium. The times ahead may prove challenging, but always believe in yourself; then there are no limits to what you can achieve. As we depart from Rutland High School, we can reflect on our various athletic, academic, musical, artistic, and humanitarian endeavors. Together we have laughed, cried, won, lost, created and imagined; but most of all we have grown and supported each other over the last four years. We have grown into people who appreciate accomplishments, acknowledge our mistakes, and dream of the future. Never forget the many memories we have made here at RHS. May your future yield happiness; and whatever path you choose lead to success. Good luck to all!

"I can't believe this is my last year. I'm going to miss all you girls, thanks for letting me be your captain." Janelle Howard

"This year was a lot of fun, I'm going to miss cheering so much. Thanks for a great year, and a 2nd place finish." Kelly English

This year, teamwork and determination brought the fall cheerleaders a second place finish in the Poultney Cheerleading Showcase. Although they will be losing seven seniors, the future looks promising with eleven returning underclassmen. With their new uniforms and music this year's varsity cheerleaders brought a new style to the sport. Congratulations girls, always smile, fly high, and keep the spirit alive. GO RHS!

This year Courtney Lambert, along with captains Kelly English, Janelle Howard, and Nicole Little coached the new Rutland Middle School Cheerleaders, promising a bright outlook for RHS Cheerleading. This season the girls placed third in the Division I Cheerleading Competition, missing second place by only four points, but don't worry, they will be back next year to claim themselves champions!

Winter Cheerleading

"RHS Cheerleading will always be one of my best memories. I'm leaving my spirit to the younger girls, make me proud."

Indoor Track

There are approximately 40 people who participate in indoor track. Every afternoon beginning at 3:30 Coach Heffernan begins by giving the team a grueling warm-up. Next they split into groups depending on their abilities. Some run long distance, others do hurdles, and there are sprinters, jumpers, and throwers. They have been to numerous meets and some people have advanced to states if they have qualifying times. From there, a selected few move on to New England. This is a promising team with a lot of talent, be sure to watch them in the future.

Paying attention to coach, huh boys?

GIRLS VARSITY SOCCER

The Girls Varsity Soccer team made history once again by finishing their regular season with a "better than 500" record. Each player gave a 110% effort to finish their regular season, 7 - 6 - 1. One of their more memorable wins, was the 6-0 shut-out against cross-town rival MSJ. Despite a tough schedule, the girls, coached by Mike Kinsler, kicked their way to a winning season. The future looks bright for RHS girl's soccer with an increasing interest in the sport and new talent entering into the high school level.

What does it feel like to have a winning season?
"The winning record is something that I'll never forget. I'm so happy that we did such a good job. I hope that next year's team can take that even further."
- Nicole Chapleau - Captain

What was this years funniest moment?
"When Annah K. had a break away and her shoe fell off."
- Sarah Montrone - Captain

"Practice was upbeat"

What would you like for this team to remember about itself 20 years from now? "We had the best record since the beginning of girl's soccer and we also worked well together."
- Kate McCann - Captain

What was your most memorable moment?
"The game at Brattleboro when we were losing 2-1 at halftime and came back for a 6-3 win."

The boy's Varsity Soccer team, lead by captains Collin Fingon and Matt McKane, claimed their first winning season in three years, with a regular season record of 7-6-1. They lost their first round playoff game to Essex which wrapped up their season. Good luck to the returning players next year.

Ask any Varsity Field Hockey player what their favorite memory is and you will hear about the last regular season game against Brattleboro when they won 1-0. Even though their record, 7-7-2, did not show it, the team was always winning. The dedication of the nine seniors helped the team through all the highs and lows of the season. Their leadership will be missed next year, but there is a lot of talent to follow in their footsteps. As the seniors depart, we wish them luck, and in the words of senior Karen Cox, "I'm going to miss Rutland Field Hockey!"

Most people think Cross Country is just a lot of running. It is. There is not only a strive for individual goals, but the team bonds together to beat the competition. Leadership by the senior runners will be missed, yet others will fill their shoes. The great performances by Sarah Logon, Mike Audette, and Ryan Biddescome will never be forgotten. And above all . . . it's COED!

Senior Ryan Biddescome and Junior Mike Audette have shown great effort throughout the season.

Here are two members of the cross-country team whom you will never catch running.

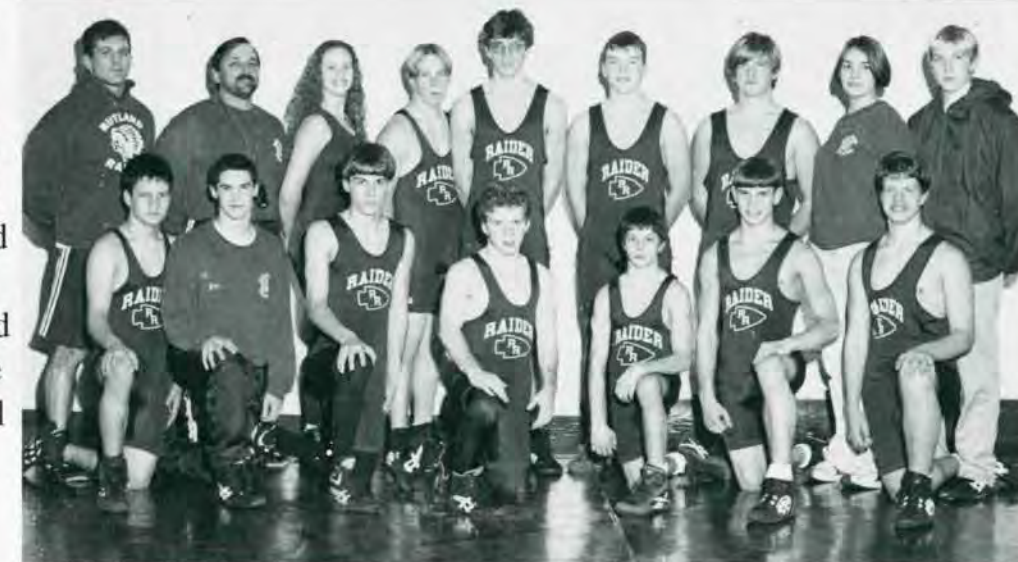

The girls cross-country team won the Southern Vermont League Championships in Bellows Falls. Sarah Logan won individual honors at the championships, too.

The Varsity Boy's Basketball team has had one of the greatest seasons ever. They have a few more games to play, but they now stand at 15-3 and they are 8-0 in league play. They have won all their meetings against MSJ, and won in some pretty exciting overtimes. The team has five seniors this year and their contributions will be greatly missed. Jake Eaton's 1000th point during his junior year will never be forgotten. The "Big Boy's" will be missed down-low and the "Little guys" on the perimeter as well. Good luck to the seniors this year and to the team next year. The talent will continue to shine for Coach Kinsman Raiders.

ICE HOCKEY

From the very first practice, it was obvious that this Raider team was going to be very good. With one senior from the 1995 State Championship team, three valuable seniors, a multitude of juniors, sophomores, and one freshman, Rutland again looked to be one of the top teams in Division Two. Beginning with the first game of the season, Rutland looked very strong. In their first outing of the season, Rutland crushed Brattleboro 9-2. In the next game they were not as fortunate, losing to Stowe in overtime 4-3. In the next four games, Rutland won two and lost two. But beginning with a win over Northfield 7-3, Rutland began an eight game winning streak. Middlebury ended that streak, edging Rutland 4-3. Rutland finished off their season strongly by shutting out North Country 5-0. In the quarter final game Rutland faced Colchester, and Rutland had a great season, finishing 15-7.

What's the hardest course you are taking this year and why?

The hardest course I am taking this year is geometry, because math isn't my favorite subject and I really have to apply myself.

H. McPhee

The hardest course that I am taking is chemistry because there are so many different things you need to learn in order to deal with it and understand it.

C. Sheridan

I'd have to say my hardest class is history. I just don't like it.

K.

Mazzariello

The hardest class is Spanish because I took French for two years and I get the two languages mixed up.

M. Fredette

Spanish 1, because I can't speak it.

J. Carrara

The hardest course I'm taking is Pacesetter Spanish because we have to speak all in Spanish during class.

R. Olanoff

Chemistry doesn't look all that hard from this picture!!! They look like they are enjoying themselves!!!

What does it mean to you to be a member of the class of 2000?

Oh Yeah!!! This has meant so much since we were little kids, and now graduation day is only one year away.

Lily Foley

I think being the first class graduating in the new millenium is so important because our class and all of our contributions to the school will be most remembered because of the significant date.

Annah Kinsler

Too many people depend on the class of 2000 to be perfect. We have way too many expectations put upon us.

Megan Cavacas

Being a memeber of the class of 2000 means that many of the underclassmen look to our class for advice and as role models. With all these people looking up to us there is a lot of pressure put on our class.

What differences do you see in your classes from your freshmen year?

The change for me would be not being in a team where classes are short and all of them three times a week.
J. Corey

It's definitely a lot harder and a lot more challenging.
B. Buzzell

It is more work and more studying to keep your grades up.
C. Delehanty

The main difference I see is the gain of respect from upper classmen. It's like you are finally part of the high school.
J. Finley

Our classes are more wide-spread; we are with people in different grades - The classes also seem bigger.
M. McCann

It's a whole lot harder!

Did you like being on teams in the 9th grade?

I prefer not being on a team due to the larger group of people you interact with on a daily basis.
Trevor Arthur

I would rather there be no teams. In teams you aren't exposed to a variety of people and ideas.
Andrea Doenges

I like not being on teams better because I am able to meet new people.
Melissa Wilburn

I prefer to be in classes without teams now. I think that they are good for freshmen to get to know their class. By the time you are a sophomore, or an upper classman, the diversity is nice.

How different is the High School from the school you previously attended?

This High School is a lot different because the school is a lot bigger and the work is a lot harder. There are also a lot of upper classmen.

Heather Rappeno

It's different; and a wider selection of things to do.

Jay McKeon

There are a lot more electives that you can take and a lot more options for your classes. It's a lot bigger and there are more people.

Sabrina Kinsman

It's different because it's a lot bigger and there's a lot more kids and I'm not used to a lot of kids.

On February 10 the National Honor Society put on the Senior Celebrity Auction. NHS asked seniors to volunteer themselves to be auctioned off and the proceeds would go to charity, the Battered Women's Shelter. Seniors were bid on ranging from \$1.00 to \$65.00. The highest bidder was escorted by their senior on Friday, February 12. The bidder received a Valentine's Day card and candy. They were also greeted and walked to each class by their senior. Although the auction was very entertaining, the involvement and money raised was outstanding!!! Thanks to all the seniors and bidders for the excellent outcomes and the time and the money.

As the school year winds down, the native inhabitants of Rutland High migrate south. The most popular places to visit include Myrtle Beach, Virginia Beach, Florida, and Cape Cod. It's only natural for the students to relax and do some pretty strange things. Here are some captured moments of tropical action.

In December of '98 the senior class sponsored a semi-formal dance for the whole student body. Everyone was looking their finest on this enchanted evening. We all know everyone had fun and here are some pictures to prove it.

COMMUNITY SERVICE

Many students at Rutland High School take time out from their school work and personal life to contribute to our community. From working in the public schools, to the hospital, the students have touched many lives. Students from Mrs. Smith's Community Service Learning class learned all about helping other people. The students involved in the class take personal time to go to their sites and do their service. The sites the students worked at included: the Recreation Department, Rutland Regional Medical Center, Eden Park, Genesis Elder Care, Northeast School, Rutland Town School, and Rutland Intermediate School. Besides the Community Service Learning class, the RHS Key Club also contributes heavily to the community. The organization is committed to helping the community. Also, each sports season, athletes go door-to-door to pick up canned goods for the local Community Cupboard.

Debate Team

The RHS debate team is made up of six students who share the enjoyment of intellectual competition. They participate in the policy of debate circuit, where competition is between two-person teams. The four varsity debaters, all sophmores and quad-captains, are Joelle Arnold, Chris Poirer, Charles Romeo, and Carrie Stanziola. They also have two novices, Roy Harrison and Ted Carlson. One topic is thoroughly researched each year and debated all year long. Leadership, specialized knowledge, research skill, clear argumentation and quick organized thinking are among the skills that they develop through debate.

Sit back, relax, and listen to poems and other works.. It can take your cares away.

The poetry club meets at 2:30 on even Wednesdays and Thursdays, for anyone with an interest in poetry, literature, reading and/or writing. The major goals of this club is to provide each other with constructive feedback, organizing readings, and hopefully, publishing a literary magazine. A normal meeting begins with a discussion of immediate and long-term goals, then there is a sharing of recent written works and published favorites.

Yearbook is a publications class in which students come together to publish a yearbook which reflects the entire student body. Students write articles, take pictures, ask questions, and design pages. Editors are chosen by the advisor based upon commitment to the yearbook. The class meets odd days E block, and there are also students doing independent study. Funds for this project are raised through selling advertising space to parents and different businesses around the community. These funds not only aid in publishing the book, but also keep the cost of the yearbook inexpensive enough for each student.

Students accepted into GMTI must be good leaders, want to have a positive impact on the community, and strive to inform about and prevent substance abuse. The group provides many substance-free alternatives for the school and community. We also run programs such as mediation and Big Friend/ Little Friend which reach out to the youth of Rutland. The group has about 60 members as well as a new Freshmen group. Every year we hold the annual carnival, run Freshmen Orientation and assist with the Prevention Convention.

V.T.L.S.P.

V.T.L.S.P., or Vermont Teen Leadership and Safety Program, is a state wide program whose goal is to promote a safe, healthy, and drug free life-style. Although the Rutland V.T.L.S.P. Program is only in its second year they are already involved on the school, state and national level.

V.T.L.S.P. meets one to two times a week at 1:45 in Red 29 to discuss issues, plan events, report on assigned duties and prepare for their next activity. Students involved in this program participate in many statewide activities throughout the school year. Some of these activities include attending the Governor's Youth Leadership Conference, attending Youth Advisory Council meetings, implementing the Save Our Seniors program (S.O.S.), and testifying before the legislature on prominent teen related issues. These members also have worked hard to plan the Dialogue Nights, promoted guest speakers, helped during pervention convention, promoted cross peer-teaching activities, and fundraising to attend the National Student Safety Program, Conference at Clemson University.

BAND

This year there was a division among the band. Because of the growing number of interested freshmen, Mr. Whitman was forced to split the large band into two smaller ones. The freshmen were put in a separate class by themselves, not only because the band room was not constructed to hold such a large group as the combined band, but also to let them get adjusted to the high school music department. At the beginning of the year the names were simply Freshmen Band and Upperclassmen Band, but those names were not sufficient. They were later changed to Concert Band, formerly the Freshman Band, and Symphonic Band which was formerly the Upperclassmen Band. There was also another change within the instrumental side of the Fine Arts Department. Another concert was added in the fall in addition to the three annual concerts. The band also performs at special appearances and ceremonies, such as Memorial Day, Veteran's Day and many parades.

Marching Band

A few weeks before the 98-99 school year Mr. Whitman conducted the 1st annual band camp. Many attended and this week seemed to be a positive precursor of the future spirit among the band. The numbers were well balanced between the current freshmen class and the veterans of the band. Everyone was taught how to march as a group without any individuals sticking out. One major thing which was expected to have been known before the camp was started was the difference between left and right. We soon learned that a refresher was needed in that area as commands were called out and people were faced in every way. Following behind us faithfully were our three flag girls. They practiced on their own time and then joined us at our practices. Events which the marching band attended were the annual UMASS Band Day at the University of Massachusetts at Amherst, all of the home football games, and the annual Rutland vs. MSJ game.

GO RUTLAND RED RAIDERS!!

Melissa,

There are two things that we can bestow upon our children: one is roots, the other is wings. You have been the center of our love and affection for so long and we hope that your childhood memories continually bring you joy and comfort. We are so proud of your compassionate ability to be such a caring friend to everyone. Although you've had your share of struggles, you constantly find the bright side and keep spirits high. What a special gift!

We have thoroughly enjoyed many visits from your many friends over the years. They will always be welcome in our lives and we wish you all every happiness and success that life can bring.

Remember your roots, enjoy the challenges and adventures ahead of you as you spread your wings, and keep your cheerful smile with you at all times. Thank you for being such a wonderful daughter and sister.

You are the best!

We love you, Mom, Dad, and Kari
